

The *Importance of Hiring a Quality Firm to Perform Your Employee Benefit Plan Audit*, was prepared to assist plan sponsors, plan administrators, and trustee with an understanding of the importance of hiring a quality auditor to perform their employee benefit plan financial statement audit.

This advisory:

- Describes why a financial statement audit is important;
- Risks to plan sponsors if a quality audit is not performed;
- Evaluating auditor qualifications;
- The proposal process, including the request for proposal, proposal evaluation and auditor selection; and
- Documenting the agreement.
